Re: PENNSYLVANIA BOULEVARD

Gentlemen:

We take pleasure in presenting this report, together with appendices, estimates, and outline specifications, and under separate cover eighty-seven (87) sheets (each 21x35 inches) of preliminary detailed plans, all as authorized by our agreement made on August 30, 1946 with the City of Philadelphia, acting through the Commission on City Planning, for the development of Pennsylvania Boulevard between its connection with the Benjamin Franklin Parkway, and a point west of the Pennsylvania Station (30th Street), at or near the junction of 32nd Street and Market Street.

This report, together with the plans and other data, includes specific recommendations related to elements of the City plan which have a direct relation to the development of Pennsylvania Boulevard.
